DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

Of painted brick this 2½ story building, located in mid block, has 2 bays and a slaped roof. The first floor is a shop.

There are two single pane shop windows flanking of central door and transom. There is a band of 5 fixed transoms capped by a cornice. Guaged brick lintels cap the one-over-one hung windowd with stone sills on the second floor.

Above the second floor windows are two relief courses of brick. The attic floor is treated as a continuous band with two more relief courses at its bottom edge which form a sill for the two eyebrow windows (each with 2 hinged panes). Alternating with the windows are recessed trangular panels. The one on the right is interrupted in the center by the sidewall and may indicate that there was a pair to this house on that side. A row of brick dentils ornaments the cornice.
